

Kareem Elkhatib

Atlanta, GA | khatibkareem983@gmail.com | (404)-221-9111 | [linkedin.com/in/kelkhatib](https://www.linkedin.com/in/kelkhatib) | US Citizen

EDUCATION

University of Georgia

Expected Graduation: May 2028

Bachelor of Science in Electrical Engineering

GPA: 3.55

EXPERIENCE

AZR | Startup Amazon FBA Mentorship Program

Sept - Dec 2025

Sales Manager

Remote

- Closed **\$20,000** in revenue by running a high-ticket sales framework and meeting daily KPIs.
- Led a sales campaign **increasing show rates by 12%** across **800** calls by applying structured discovery and rapport-building communication.

Suit Warehouse | Menswear retail business

Jan - Aug 2025

Growth Operator

Gainesville, GA

- Created a sales funnel for prom attire campaigns, **generating 40 qualified leads** and **\$6,000 in revenue within 1 month**.
- Built an Excel-based inventory + reorder tracker for **10 SKUs**, **reducing stockouts** and improving replenishment decisions by tracking product demand.

PROJECTS

External Camera Power System

June 2025

- Engineered an external camera power system by matching OEM battery voltage requirements and integrating a dummy-battery + V-mount setup, **increasing runtime ~20×** and enabling full-day shoots.
- Validated power stability by verifying voltage under load and running extended-duration tests during shoots, confirming reliable operation in field conditions.
- Improved on-location power reliability and reduced setup/reset time by 20% per shoot.

Op-Amp Low-Pass Filter

Nov 2025

- Assembled a **TL081 active low-pass filter** on a breadboard and powered it from ± 5 V rails using AD3
- Derived the filter's **transfer function and cutoff frequency** from the circuit model, then verified expected behavior through bench testing.
- Used the AD3 network analyzer to observe the frequency response and confirm noise-reduction behavior of the low-pass design.

SKILLS

- Problem Solving | Analytical | MultiSim | Circuit Analysis | Excel
- Languages | Python | MATLAB | RLAB | C++
